Greetings,

I have toured with the Wind Symphony throughout the United States 2-3 times per year during my 45-year tenure here at Concordia University Chicago. For most of those years I have used Progressive Travel. (The Kapelle choir has also used them for many years as well.) They are the best we have had during those years, and we continue to use them. We have nothing but great things to say about this company. Joe Burnett has very high standards for the drivers and the company. Every driver we have had has been courteous and has gone out of their way to make our tours as smooth, safe and enjoyable as possible. They have been extremely accommodating in every way. From Joe to the front office to the bus drivers, everyone is courteous and professional. I would not even think of using any other company.

Regards,
